DECLARATION  
FOR CONTINUATION OF REISSUE PATENT APPLICATION

Commissioner for Patents  
P.O. Box 1450  
Alexandria, VA 22313-1450

Sir:

As inventor of U.S. Patent No. 5,283,761, I hereby declare that:

1. My residence, post office address and citizenship are stated below next to my name.
2. I believe that I am the first, original, and sole inventor of the claimed subject matter described in United States Patent No. 5,283,761 granted on February 1, 1994 (hereinafter the '761 patent) entitled METHOD OF MULTI-LEVEL STORAGE IN DRAM for which a reissue patent is sought.
3. I have reviewed and I understand the contents of the specification of the subject reissue application, including the claims, as amended on November 13, 2006 and January 5, 2007.

MAY 03 2007

-2-

4. I hereby claim the benefit under 35 U.S.C. 120 of any United States application(s), or 365(c) of any PCT international application designating the United States of America, listed below and, insofar as the subject matter of each of the claims of this application is not disclosed in the prior United States or PCT International application in the manner provided by the first paragraph of 35 U.S.C. 112, I acknowledge the duty to disclose information known by me to be material to patentability as defined in 37 C.F.R. 1.56 which became available between the filing date of the prior application and the national or PCT international filing date of this application:

(Application Serial No.) (Filing date) (Status: patented, pending, abandoned)

08/595,020 January 31, 1996 Issued (RE 37,072)

5. I believe the original '761 patent is wholly or partly inoperative or invalid by reason of my claiming less than I had a right to claim in the patent.
6. One error being relied upon as a basis for reissue is that the original claims 1-9 failed to claim an embodiment in which a DRAM cell is capable of operating as either a one-bit-per-cell DRAM or as a multi-bit-per-cell DRAM, as disclosed in the original '761 patent at column 2, lines 54-56.
7. All errors being corrected in the reissue application, including all amendments up to the time of and with the filing of this Declaration, arose without any deceptive intention on the part of the applicant.
8. Please send correspondence to:
